

Contribute actively to the reduction of plastic waste on board ships

Features

Water is not just water. By choosing Boxed Water™ on board, you make a conscious decision to drink purified water from cartons that generate less plastic waste than conventional single-use-plastic bottles.

100% recyclable cartons

- 100% recyclable and BPA* free
- Carton (incl cap) is 92% plant-based
- 500mL carton is certified CarbonNeutral®
- 100% pure water for the crew
- Easily folded, flattened, and recycled
- Improves storage and space on board

*Bisphenol A

Available in 500mL and 1 Ltr cartons

Boxed Water™ is supplied in North American ports only
Regional carton water brands are available from other global ports
