**- din partner  
i det professionelle køkken**

Med kylling fra BPI får du et bredt sortiment af både rå – og stegt fjerkræ.

Vi har stegt kylling i strimler til din salat, i skiver til din sandwich og på spyd i forskellige størrelser til buffeten.

Brug de stegte produkter direkte fra frost, tød det op du skal bruge og læg posen tilbage igen. Sådan kan du undgå madspild og på samme tid få en ensartet kvalitet *hver gang*.

## Taste the difference: Delicious Danish ice cream

Danish ice cream tradition has its roots in the small creameries scattered across the Danish countryside - and it continues until today, even though most of Denmark's ice cream production has evolved from small creameries to larger production sites, the typical ice cream production in Denmark is still based on skilled craftsmanship and the use of real fresh cream.

The making of good quality ice cream requires expertise and premium ingredients. After careful blending and pasteurization, the raw ice cream mixture is left to mature. This maturation process balances out the different ingredients in relation to each other and allows all the delicious flavours to develop.

The matured ice cream mixture is carefully churned in order to make the texture deliciously creamy.

The result is a smooth soft ice cream which can be further enriched with fruit, chocolate, nuts or other quality ingredients. Simply delicious!

AMONG OUR 2020 GOALS IS

To buy all electricity through power grids from renewable sources.  
**We are 100% there in 5 continents\***

To halve the amount of water used in our production.  
**We are at 44%\***

That 100% of our most used vegetables and herbs come from one sustainable production.  
**We are at 95%\***

## Our goal is simple and clear – to make sustainable living commonplace

At Unilever, we are convinced that the growth of a business should not be a burden either on humans or on our planet. That is why we since 2010 have been changing our business strategy and thus the way we run our business. This is just one of the initiatives we are working on.
