

Marine Logistics
Your Global Partner

Your global partner in maritime logistics and spare parts

Wrist Marine Logistics provides a world-leading logistics service which includes spares forwarding for a large variety of products and project freight, the coordination of complex operations involving out of gauge shipment of larger parts.

Save costs and time

We offer cost-efficient door-to-deck solutions (storage, pick-up, transport, and on-board delivery of ship spares) globally.

Our solutions are unique in the sense that we combine the global asset network of Wrist warehouses and last mile consolidated logistics with the capabilities of our strong agent network and local partners.

The specialized logistics solutions are often combined with the supply of stores and provisions from Wrist – generating cost savings for the customer.

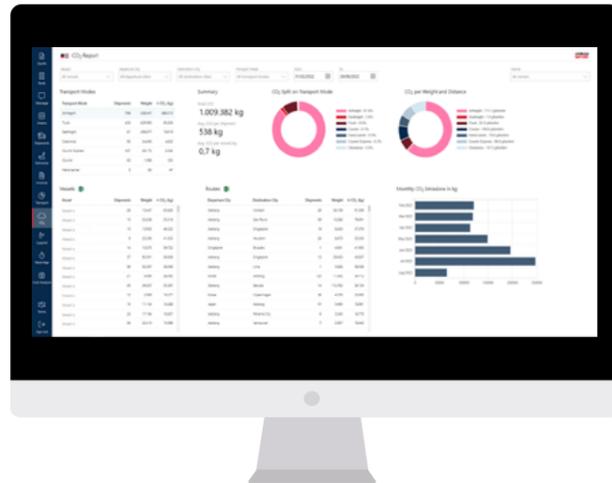

One single point of contact

From our offices in all major ports we provide customers with the convenience of a single point of contact with a dedicated team to handle all your spares worldwide.

Digital convenience and transparency

With Wrist Marine Logistics online portal, customers can plan deliveries to minimize the number of deliveries to the vessel, consolidating their provisions, stores, and spare parts to reduce last mile costs significantly, and on top of this have instant access to live data and KPI's.

- > Automatic real-time tracking of all your shipments
- > 100% transparency on the entire delivery process
- > In-depth transport reports and data on your shipments
- > CO2 emissions calculation per order, per vessel, and for your entire spare parts freight

Range of services

-  Global door-to-deck logistics; pick-up, transport and on-board delivery
-  Forwarding by all available transport modes, including economical intra-company trucking network in Europe
-  Online customer portal with real-time tracking, complete transparency and easy access to prices, data & reports
-  Full pre-alert of all cargo movements
-  Landing of spares from vessel
-  Customs clearance at destination
-  Temporary storage free of charge at all our hubs
-  Back-and-forth integration between ERP systems; examples, SERTICA & K-fleet
-  Integrated orders typically with Wrist group, minimizing costs- can use shuttle network
-  Transport insurance- unique setup to the best rate in the market. Warehouse insurance can be negotiated

About us

Wrist is the world's leading ship and offshore supplier of marine provisions and stores with a market share of approximately 12% – and the only provisions and stores marine supplier with a global network of supply operations. Wrist also offers services within owners' goods and spare parts logistics, combining provisions and stores deliveries directly to the vessels.

With the launch of the Source2Sea digital marketplace, Wrist is leading the digital transformation of the marine supply industry. All year round, 24/7 global online sourcing and logistics provide data transparency, automation, and convenience to customers.

Wrist continuously works on reducing its climate impact, while proactively addressing customers' growing demand and need for responsible solutions and services. From more than 30 locations worldwide, in all major shipping locations, 1,800 Wrist employees take pride in making it easy for customers to order and receive marine supplies and services.
