- Classic quality products
- Competitive pricing
- Global availability & standardization

### Complying with customer needs

In Greek mythology, Pontus was considered a personification of the sea itself. This illustrates very well the thoughts behind Wrist's Pontus product line – being the global market leader in ship supply, we know our customers and their needs.

Pontus is a private label of Wrist

# SQUARE BLADED SCREWDRIVERS

The Pontus screwdriver with squared blade offers high strength and durability and is workable together with for example pliers on the blade - providing an even higher torque.

The screwdriver comes with a 2-component ergonomic handle for optimum grip and control - even in wet conditions.

A deeply inserted chrome-vanadium (Cr-V) blade secures high durability and strength of the screwdriver while ensuring that the torque is transferred to the screw efficiently.

The tip of the screwdriver is magnetic and yields excellent control and easier assembly in narrow spaces. The hardened tip prevents deformation and ensures enhanced fit in the screw by reducing the wear of the tip.

Type and size of the screwdriver are printed on the end allowing for easy identification - useful when carrying multiple screwdrivers in a pocket.

- > Squared blade
- > 2-component ergonomic handle
- > Handle resistant to oil and fuels
- > Deeply inserted chrome-vanadium (Cr-V) blade
- > Magnetic tip

Item no.	IMPA code	Tip no.	Size (mm)	Length of blade (mm)
1465013	612290		5.5	75
1465014	612291		6	100
1465018	612292		8	150
1465019	612287		8	200
